In addition, Marilyn Madden has graciously invited all the people & hounds who participate in the Raleigh St. Patrick's Day Parade to her home. From Marilyn: “I would like to extend an invitation to my home in Apex following the parade. I live approx. 20-25 minutes from Raleigh. My yard is fenced so the hounds will be free to roam safely. Lunch, including beef stew, Irish bread and desserts will be provided. Perhaps we could have an informal meeting also at this time. Directions from Raleigh are 40 west to exit 274 Jordan Lake / 751 exit. Take a left. This is route 751 S. Follow approx. 9 miles then you will pass over Jordan Lake. Take your next left at the Phillips 66 gas station. (New Hope Ch . Rd.). Follow approx 2.5 miles. You will see some white corral fencing on your left. When this ends Indian Creek Lane will be on your RIGHT. Turn right onto Indian Creek Lane. I am the third house on the left. Hope to see you!! My phone number is 919-363-7899 and Email is mcmadden2002@yahoo.com”

Message from Jackie Carswell, Irish Wolfhound Club of America Treasurer:

“The IWCA education committee will be representing our club and breed in the Atlanta St. Patrick's Day parade. Do you know of any IW owners in your area that would be willing to come and help out? It appears that this parade is going to be larger than I expected! The date is March 19, 2005 on a Sat. Here is the website for more information - <http://www.stpatsparadeatlanta.com/>. The route is going to be 1.1 miles long. There may be a possibility that we will be offered an informational booth at the end of the route. I will have IWCA educational materials for handout. Please let me know if you are interested in helping with this educational event (912-449-4743 or iwcar@accessatc.net).

RESCUE COORDINATOR

As many are aware, Mary Ryan has resigned as our Rescue Coordinator. We have a committee working on revised rescue procedures and policy and IWAMS is in need of a coordinator. Mary's work has been crucial to the protection of the breed in our area and the breed owes her much for her diligence and hard work.
