WORK EXPERIENCE

NC State College of Veterinary Medicine, Raleigh, NC — *Per Diem Pharmacist*

June 2019 - Present

Provide vacation and weekend coverage for staff pharmacists, filling and verifying prescriptions and compounds for small, large & exotic species.

Assist with inpatient filling and/or verification and omniceil restock as needed.

Respond to drug information requests from doctors, students & clients.

Carolina Compounding Pharmacy, Cary, NC — *Per Diem Pharmacist*

March 2022 - Present

Provide vacation coverage for pharmacist/owner, verifying non-sterile compounds for human and veterinary patients. Compounds include capsules, solutions/suspensions, creams/ointments, troches, and suppositories.

UNC Therapeutic Infusion Centers, Chapel Hill/Pittsboro/Eden, NC — *Per Diem Pharmacist*

May 2022 - July 2022

Provided vacation coverage for pharmacists at multiple UNC Healthcare outpatient infusion clinics. Ensured prior authorizations were done and checked for changes in clinical information for future patients. Verified treatment appropriateness based on lab results and checked drug preparation, concentration, and rate of administration.

Provided vacation coverage for technicians at multiple UNC Healthcare outpatient infusion clinics. Scrubbed in to sterile 797/800 compounding suite and aseptically prepared specialty IV and chemotherapeutic medications for immediate administration.

Realo Veterinary Pharmacy, Morrisville, NC — *Per Diem Pharmacist*

Feb 2021 - July 2021

Ensured dose and delivery system were appropriate based on species, disease, USP guidelines, and client needs.

Oversaw compounding of tablets, capsules, suspensions, chew treats, topical creams, topical gels, and other formulations by verifying ingredient selection & measurement, calculations, and final product.

Consulted with veterinarians and pet owners regarding clinical questions, compounding needs, and pricing.

Coram/CVS Specialty Infusion Services, Morrisville, NC — *Production Pharmacist*

September 2019 - July 2020

Filled and verified prescriptions and supplies for home IV therapy, including TPN, anti-infectives, inotropes, and specialty immune-modulating drugs.

Performed regular drug interaction assessments for home infusion patients.

Acted as liaison between clinical office staff and cleanroom personnel to ensure positive communication and timely delivery of medications.

Tufts Cummings School of Veterinary Medicine, North Grafton, MA — *Pharmacy Supervisor*

August 2014 - February 2019

Served as primary contact for drug information, interdepartmental issues, client concerns, and product acquisition inquiries.

Processed and evaluated data regarding product acquisition, inventory use, and staffing needs to improve departmental budget and operations.

Researched and responded to client and physician drug information requests daily to improve clinical care and formulary management.

Wrote and enforced SOPs relating to medication management throughout the hospital.

Participated in hospital-wide EMR improvement committee.

Oversaw the design and implementation of a pharmacy renovation and addition of a satellite pharmacy.

Stocked, managed, and audited Omnicell dispensing cabinets daily, and developed plan for expansion of cabinet use to improve financial and regulatory control of product use.

Filled and verified inpatient and outpatient prescriptions for small, large, and exotic species.

Compounded solutions/suspensions, capsules, creams, and pluronic gels for patient-specific dosing needs.

Taught DVM students about prescription writing, controlled substances, and compounding via classroom lecture and selective rotations.

Established APPE rotation for pharmacy students from local colleges.

Completed performance reviews and determined staffing and scheduling needs for 8 technicians and 1 pharmacist.

Kerr Drug/Walgreens, Eastern NC — *Relief Pharmacist*

August 2012 - August 2014

Provided full-time coverage across eastern NC and assisted stores with transition from Kerr Drug to Walgreens.

Regularly immunized and provided health and medication counseling for patients.

Recognized for exceptional customer service by Kerr Drug.

EDUCATION

UNC Eshelman School of Pharmacy, Chapel Hill — *PharmD*
